| 220100 | Toyota | Yaris | 2010-On 130 Series | NCP130R Sedan & NCP131R Hatch | Low | R |

Coil springs to suit: Toyota Corolla & Yaris

Pedders has recently introduced SportsRyder lowered coil springs to suit the Toyota Yaris & Corolla 2003-On model sedan range. In addition to this Pedders has also added a standard ride height coil spring to suit the rear of the Corolla 2013-On Sedan, plus a lowered SportsRyder coil to suit the 2010-On Yaris sedan & hatch. The latest range now adds to our existing part number 2942 SportsRyder lowered coil to suit the Yaris 2011-On NCP131 Hatch.

Pedders coil springs are made in Melbourne Australia to the highest possible standards following ISO 9001 International Standards, ISO 14001 International Standards & AS/NZS 4801 Safety Standards. All Pedders coil springs are manufactured according to a strictly controlled design, manufacturing and testing process that ensures Pedders coil springs exceed original tolerances and are equal to or exceed the best in the world in consistency of rate, loaded height and reliability. This provides for a quality product in every coil produced. If you're looking for that great lowered look on your vehicle you can't go past Pedders SportsRyder lowered coil springs. The increased spring rate provides improved handling for a sporty drive and that great lowered look.

Quality Without Compromise!

- Premium quality grade steel.
- Stress relieved and 100% QA inspected.
- Load height tested.
- SportsRyder coil springs offer lowered appeal, unbelievable feel.
- Heavy duty units provide precise spring rates needed for ride control.
- 2 Year/40,000km warranty.
