Pedders latest additions to its range of premium replacement shock absorbers and coil springs now extends to the Jeep JK range of vehicles. Pedders tested many of the current Wrangler 2" lift kits available and found most provided a poor ride. The Pedders TrakRyder solution is built around Pedders TrakRyder Foam Cell shocks for a better ride without compromising off-road capability. As a result, these springs and shocks have been specifically tailored to suit 2"/50mm lifts.

#### TrakRyder Coil Springs

- Made in Melbourne Australia to ISO 9001 International Quality Standards.
- Premium quality grade steel
- Stress relieved and 100% QA inspected
- Load height tested
- Raised height for increased articulation & load carrying
- Heavy duty units provide precise spring rates needed for ride control
- 2 Year/40,000km/25,000 mile warranty

#### TrakRyder Foam Cell Shock Absorbers

- The TrakRyder foam cell shock provides larger cooling areas to improve shock performance and durability.
- The TrakRyder foam cell shock ensures optimum damping control in all conditions.
- The extra large 40mm bore and piston is much greater than original equipment size and provides an even larger increased oil capacity for greater ride improvement.
- Twin tube & foam cell technology
- Advanced damping control in all conditions
- Extra large 40mm bore
- Reinforced double welded mountings
- 2 Year/40,000km/25,000 mile warranty

#### Pedders Trakryder Foam Cell 35mm Steering Damper

- Engineered to further enhance your four wheel driving experience.
