Pedders TrakRyder Leaf Spring with Rubber Eye Bush

The Pedders 6299 TrakRyder Leaf Spring has been designed to suit the latest model Ford Ranger and Mazda BT50 models. A must for any 4WD enthusiast or for those that carry loads for a living. Ideal for fleet vehicles and tradies Utes.

The rear leaf has been designed to raise the vehicles rear approximately 40mm to help compensate for constant to heavy loads. This is achieved whilst also offering a comfortable ride when the vehicle is unladen (no weight in the rear).

The 6299 Trakryder leaf springs are durable, whilst providing improved vehicle control and stability, due to the fact that they feature redesigned spring rates. Pedders Trakryder leaf springs, feature inter-leaf friction pads and metal sleeves, and are constructed from only the highest grade steels for the most durable performance.

Features & Benefits:

- Inter-Leaf Friction Pads
- Metal Eye Sleeves
- Includes Rubber Eye Bush
- Manufactured from High Grade Steel
- Increased Spring Rate from O.E.
- Innovation in Design & Construction
- Improved Ride Quality in Laden & Unladen Situations
