Pedders have released a set of front and rear SportsRyder lowered coil springs to suit the 2011-On Kia Rio range of models.

Pedders coil springs are manufactured in Melbourne Australia to the highest possible standards following ISO 9001 International Standards, ISO 14001 International Standards & AS/NZS 4801 Safety Standards. All Pedders coil springs are produced according to a strictly controlled design, manufacturing and testing process that ensures Pedders' coil springs exceed original tolerances and are equal to or exceed the best in the world in consistency of rate, loaded height and reliability. This provides for a quality product in every coil manufactured.

If you want a great lowered look on your car you can't go past Pedders SportsRyder range of lowered coil springs. The increased spring rate provides improved handling for a exciting drive.
