Pedders have launched several new TrakRyder coil springs to suit the Jeep Wrangler 2007-2009 JK long wheel base (LWB) and short wheel base (SWB) range of models.

Pedders coil springs are made in Melbourne Australia to the highest possible standards following ISO 9001 International Standards, ISO 14001 International Standards & AS/NZS 4801 Safety Standards. All Pedders coil springs are manufactured according to a strictly controlled design, manufacturing and testing process that ensures Pedders' coil springs exceed original tolerances and are equal to or exceed the best in the world in consistency of rate, loaded height and reliability. This provides for a quality product in every coil produced.

Pedders TrakRyder Coil Springs offer the following key features and benefits:

- Premium quality grade steel
- Stress relieved and 100% QA inspected
- Load height tested
- Raised height for increased articulation
- Heavy duty units provide precise spring rates needed for ride control
- 2 Year/40,000km warranty
