

NOW IN STOCK

CV SHAFTS CV BOOTS CV SHAFTS CV BOOTS CV

Pedders Suspension is proud to announce the release of its comprehensive range of CV Shafts and CV Boot Kits.

Pedders comprehensive range of replacement CV Shafts are made to exacting specifications including European SGS international quality ISO9001, QS9000, VDA6.1 and TS16949 certifications. They also come with our 2 year 40,000km nationwide warranty.

Pedders CV Shafts are complete new units - not reconditioned. This means new inner and outer joints, shafts and boots which make up a complete new unit. Many reconditioned units still contain a high percentage of second hand componentry which can compromise the integrity of their performance or durability.

The range covers a comprehensive selection of common fitments from Daewoo, Daihatsu, Ford, Holden, Honda, Hyundai, Kia, Mazda, Mitsubishi, Nissan, Subaru, Suzuki and Toyota.

Available Late March - Please check with your local
Pedders Suspension Specialist for availability.

Now in Stock - Please check with your local Pedders
Suspension Specialist for your appropriate application.

For further information please contact your local Pedders expert or check out www.pedders.com.au
