Pedders coil springs are made in Melbourne Australia to the highest possible standards following ISO 9001 International Standards. All Pedders coil springs are manufactured according to a strictly controlled design, manufacturing and testing process that ensures Pedders' coil springs exceed original tolerances and are equal to or exceed the best in the world in consistency of rate, loaded height and reliability. This provides for a quality product in every coil produced.

Pedders coil springs offer the following key features and benefits:

- Premium quality grade steel
- Stress relieved and 100% QA inspected
- Load height tested
- Raised height for increased load carrying & towing.
- Heavy duty units provide precise spring rates needed for ride control
- 2 Year/40,000km warranty
