Pedders Ezi Fit Spring & Shock Absorber Kits				
Part #	Make	Model	Model Code	F/R
802329	SUBARU	FORESTER	SH 2008-2013	R

Pedders 802329 EziFit Spring and Shock Kits are now an ideal alternative to buying separate components when converting your Subaru SH model from the rear Nivomat suspension to a more conventional suspension setup. Reduced installation time is the key benefit from the use of the 802329 as the spring, shock and shock mount is all supplied pre-assembled. No need to use the spring compressor as the work is already done for you! Just unbolt the old and bolt in the new!

## Key Features:

- Supplied as a matched set of pre-assembled suspension components including Pedders Shock Absorber, Heavy Duty Spring, Bumpstop, Boot Kit and Strut Mount.
- Reduced installation time as the components are supplied pre-assembled and ready for direct fitment.
- Individually shock dyno tested for quality assurance.
- The Pedders EziFit 802329 kit can be installed as a replacement to the factory Nivomat self-leveling suspension units – this enables the vehicle to be returned to its original ride height.
- Pedders Shock Absorbers included in the EziFit kit are made from heavy-duty twin-tube construction technology & heavy-duty reinforced double-welded mountings for long-term durability.
- Rugged multi-purpose design improves stability and ride comfort for touring, load carrying, towing and 4wd applications.
