Pedders Suspension this month has released some new Pedders brand shocks to suit the Toyota Landcruiser 200, Nissan Navara D40, Mazda Tribute and Ford Escape models.

Pedders Shock Absorbers are the product of all of our years of experience and deliver a new level of ride comfort and handling for 4WD vehicles. Bringing an end to the age-old compromise of owning a four-wheel drive and not being able to enjoy the comfort and handling of a sedan. With Pedders Shocks Absorbers, 4WD owners can enjoy the best of both worlds. All the benefits of owning a 4WD – off road ability, ease of towing, high driving position, large cargo capacity – plus the comfort and handling you would expect from a family sedan.

Pedders shock absorbers are designed and manufactured to provide the precise control needed for the majority of suspension set-ups for on and off road driving conditions.
