Pedders 5890 Rubber Bush

The Pedders 5890 Rubber Bush Kit is an OE replacement bush kit designed to suit the leading arm to front axle mount position of selected Maverick, Patrol and Land Cruiser models (see below for full available model listings).

Some of the notable key features and benefits of the Pedders 5890 Bush kit include:

- Heavy duty construction featuring a robust outer steel shell with high density and durable rubber bushing material.
- Designed to Provide excellent NVH suppression while maintaining vehicle specific levels of front axle movement and articulation.
- Offers durability without compromising ride quality.
- Provides improved Axle articulation in off road condition
- Value for money option over genuine replacement parts.
- Kit contains set of 4 bushes.
