Pedders is pleased to announce the introduction of the aforementioned rubber bush part listings into its ever expanding catalogue range. Of particular interest comes the Pedders 5886 trailing arm lower bush to suit Honda Civic, Concerto, CRV, CRX & Integra models. The bush has been manufactured from high quality, durable rubber and is a direct replacement for the original Honda bush. The OE unit is a common replacement item and the Pedders 5886 rubber trailing arm lower bush has been specifically designed to offer high levels of suspension noise, vibration and harshness (NVH) suppression while providing good longevity. The Pedders 5886 is also an affordable direct replacement to the OE unit.
