Pedders Suspension, has recently released the above mentioned lowered coil spring part numbers to suit these Subaru and Suzuki model applications.

Pedders produces its coils springs in Melbourne Australia to the highest possible standards following ISO 9001 International Standards, ISO 14001 International Standards & AS/NZS 4801 Safety Standards. All Pedders springs are produced according to a strictly controlled design, manufacturing and testing process that ensures Pedders' coils exceed original tolerances and are equal to or exceed the best in the world in consistency of rate, loaded height and reliability. This insures a quality product in every coil manufactured.

Of particular interest comes the Pedders 220060 front lowered SportsRyder coil to suit the 2010 Suzuki Swift. The Pedders 220060 front lowered SportsRyder spring can also be used with the rear lowered SportsRyder spring part number 2591 for a great lowered look and improved handling.
