Part #	Make	Model	F/R	Description
270050	Holden/Isuzu	Colorado 2012-On 4WD, D Max 2012-On 4WD	R	TrakRyder Raised Height H/D Coil Spring
144340	Holden/Isuzu	Colorado 2012-On 4WD, D Max 2012-On 4WD	F	Spring Seated Gas SportsRyder Shock Absorber

Pedders is proud to extend the range of direct replacement coil spring and shock absorbers to suit the Holden Colorado and Isuzu D Max 2012-On 4WD models. Our latest range additions include part number 270050 a Pedders TrakRyder raised height heavy duty coil spring. The 270050 coil spring may be used with the OE strut (as a direct replacement to the OE coil springs) or with the newly released Pedders 144340 gas SportsRyder shock absorber.

The Pedders 144340 gas SportsRyder Shock Absorber offers a host of key benefits:

- Premium grade oil used to withstand high operating temperature and continued rigorous use.
- Multi lip high pressure seal prevents shock absorber leaks and is designed to permanently seal the oil and gas inside the shock.
- Large 35mm bore and piston is greater than most original equipment size and provides an increased oil capacity for greater ride improvement.

The Pedders 270050 TrakRyder raised height heavy duty coil spring offers

- Extra ground clearance.
- Improved load carrying and towing ability.
- The precise spring rate needed for ride control
