PEDDERS SHOCK ABSORBERS

Pedders Suspension has recently added a host of new 'Light' truck shocks to its ever expanding range of replacement shock absorbers. The Pedders truck shocks suit many make and model applications for trucks that fall under that popular 3 - 5 tonne GVM (gross vehicle mass) ratings. With comfortable ride characteristics Pedders truck shocks range can meet your every need. See in store for our latest range additions starting with Part# 141101 to 141113. With a large range of part numbers, covering a multitude of applications, we are sure to have your replacement truck shock absorber needs covered.

Pedders Truck Shock Absorber Features & Benefits:

- Premium grade oil used to withstand high operating temperature and continued rigorous use.
- Multi lip high pressure seal prevents shock absorber leaks and is designed to permanently seal the oil and gas inside the shock.
- Large 35mm bore and piston is greater than most original equipment size and provides an increased oil capacity for greater ride improvement.
- Heavy Duty twin-tube construction technology & heavy duty reinforced double welded mountings for long term durability.
- Rugged multi-purpose design improves stability and ride comfort for load carrying.
- Advanced control for a comfortable ride and precise handling.
- Individually shock dyno tested for quality assurance.
