

### Features and Benefits:

- A** Shimtech™ advanced shims to reduce vibration and brake noise.
- B** Kevlar Ceramic Friction formula for outstanding braking performance in all conditions.
- C** Ultra low dusting pads designed to keep your wheels clean.
- D** Slotted and chamfered friction material to reduce brake noise.

Pedders SportsRyder Kevlar Ceramic brake pads are specifically designed for Sports, Performance and Prestige driving enthusiasts. These types of drivers place an increased demand on braking systems to get the full benefit of all steering and suspension components as the manufacturer intended. Pedders SportsRyder ceramic brake pads provide superior stopping power and maintaining braking efficiency at increased temperatures. When consistency, longevity and low dust count your solution is SportsRyder

### Features and Benefits:

- Specifically engineered to hold a high coefficient of friction under extreme usage.
- Positive moulded and hot pressed at over 6,000 psi ensuring consistent friction density.
- Low noise, consistent performance, longer lasting and rotor friendly.
- True Kevlar ceramic formula that keeps wheels cleaner.
- 20% more stopping power.
- Shimtech dual rubber backed shims offering 6 times more noise reduction as compared to steel shims.
- Thermal scorched for fast break-in.
- Environmentally friendly with low copper content to comply with California and Washington regulations.
- Outstanding braking performance.
- Approved ECE R90 regulation.
- Kevlar-enhanced to prevent high temperature glazing resulting in brake fade.
