MAKE	MODEL	DESCRIPTION	PART NUMBER
Mitsubishi	380	Heavy Duty Rear Coils	7937

The Mitsubishi 380 has recently been launched in Australia and Pedders are proud to announce the availability of heavy duty standard height coils. These coils are specifically designed for towing applications.

With a tow bar fitted along with a caravan/boat or trailer the rear of vehicle will squat noticeably. The 7937 Coil Springs are specifically designed to enhance the vehicles load carrying characteristics. They are also particularly suitable for reps who are often carrying loads by trailer or in the boot of the vehicle.
