| GSR144306 | Mitsubishi | Triton | Front GSR Sports Ryder Shocks |

Pedders Suspension is pleased to announce the release of its range of replacement shock absorbers for the Mitsubishi Triton 2006-On ML series. Included in the range is front shocks from our Comfort Gas series and Sports Ryder series.

The Sports Ryder shock absorber range is for the motorist who is after that extra performance and sports handling. The gas-charged GSR Sports Ryder shock range uses high nitrogen gas pressure to enable precise control without compromising on ride comfort. Gas Sports Ryder sealed struts and cartridges are high performance, heavy duty replacement units which deliver a new standard of comfort and road holding ability for today's hi-tech, lighter vehicles.

Pedders Comfort Gas range features a unique VRD valve which enables the average motorist to be within reach of a truly responsive shock absorber. The secret to Pedders VRD shock Absorber is within the shock 's valve, designed to control oil flow and respond instantaneously to different driving conditions. The result is the most responsive shock absorber available on the market today that provides the average motorist with an even greater level of driver comfort and vehicle performance.
