Pedders Suspension Australia's Number 1 Shock Absorber Steering & Suspension Specialists are pleased to release our expanded range of shock absorbers to suit the following Toyota Prado 120 Series 2005 On models.

Pedders Trak Ryder shocks are for owners of Four-Wheel Drive vehicles. Two shock absorbers are available within the Trak Ryder Range, Pedders 4WD Gas Sports Ryder and Pedders 4WD Foam Cell. With Trak Ryder shock absorbers and especially when incorporated with the other components of the Trak Ryder range, 4WD owners can enjoy the best of both worlds. The benefits of owning a 4WD plus the comfort and handling one would expect from a family sedan.

The Sports Ryder shock absorber range is for the motorist who is after that extra performance and sports handling. The gas-charged GSR Sports Ryder shock range uses high nitrogen gas pressure to enable precise control without compromising on ride comfort. Gas Sports Ryder sealed struts and cartridges are high performance, heavy duty replacement units which deliver a new standard of comfort and road holding ability for today's hi-tech, lighter vehicles.
