Pedders Suspension Australia's Number 1 Shock Absorber Steering & Suspension Specialists are pleased to release our expanded range of shock absorbers to suit the following makes and models.

**Pedders Comfort Gas** range features a unique VRD valve which enables the average motorist to be within reach of a truly responsive shock absorber. The secret to Pedders VRD shock Absorber is within the shock 's valve, designed to control oil flow and respond instantaneously to different driving conditions. The result is the most responsive shock absorber available on the market today that provides the average motorist with an even greater level of driver comfort and vehicle performance.

**Pedders Touring Black Gas Shock Absorbers** are an ideal alternative for the budget-conscious motorist who is simply looking to return his/her vehicle back to its original ride and handling qualities. However, the additional features give Touring Black Gas Shock Absorbers similar performance to premium quality gas shock absorbers at a more affordable price. These features include; precisely tuned valving, heavy duty construction and accurate nitrogen gas pressurisation. These key features equate to a superior shock absorber with smoother and quieter ride characteristics.
