**PEDDERS**  
SUSPENSION

# Australia's Number 1

## Shock Absorber, Steering and Suspension Specialists

**28 Point SUSPENSION**  
**SAFETY CHECK**

**Easter Safety Checks**  
**10-13th April**

For many of us Easter is a time of relaxation and time away on that well planned family driving holiday.

In a time of increased activity on our roads, many of us actually overlook the fact that we should be offering **pre holiday and post holiday vehicle safety inspections.**

Pedders Suspension recommends that steering and suspension checks be a major priority in all automotive outlets prior to and after this Easter period. – Not only due to the additional sales opportunity but due to the these components playing a critical role in a vehicles performance, handling and safety.

Please do not hesitate to contact your local Pedders Suspension specialist for more advice in relation to **pre and post Easter 28pt Suspension Safety Checks.**

**Straight advice, specialists you understand and... No Bull**
