Pedders Suspension is proud to release its expanded range of shock absorbers to suit this list of various makes and models.

Of particular interest comes the release of the Pedders Comfort Gas Coil Over Shock to suit the coil sprung version of the popular 2WD Holden Rodeo. Furthermore we wish to point out that Pedders now has a sealed strut to suit the late model BF Falcon/Fairlane 7/07 on models. Be very careful to get the correct strut for this application as there was a change midway through the product lifecycle of this vehicle.
