Make light work of heavy loads with Pedders Air Assist

Pedders Suspension is pleased to introduce our range of Air Assist Air Bag Kits for coil spring and leaf spring vehicles. Talk to your local Pedders Suspension outlet today and "Make light work of heavy loads with Pedders Air Assist".

Coil Spring Air Assist

- Exceptional load assistance characteristics with up to 225kgs – 450kgs of extra weight bearing support per set*.

- Improved towing and load carrying capability.

- Compensate for general instability associated with heavy loads.

- Increase shock life, improve braking and reduce body roll.

- Full adjustability to allow the Air Assist Bag to be matched to the load.

- Assist spring, shock & bush life.

- Maintain superior comfort levels while providing that extra level of suspension control needed when towing.

Leaf Spring Air Assist

- Air Assist Bag fits on top of leaf spring to provide variable spring rate.

- Exceptional load assistance characteristics with up to 2265kgs of extra weight bearing support per set*.

- Improved towing and load carrying capability.

- Compensate for general instability associated with heavy loads.

- Restrict bottoming out caused by heavy loads or rough terrain.

- Increase shock life, improve braking and reduce body roll.

- Full adjustability to allow the Air Assist Bag to be matched to the load.

- Assist spring, shock & bush life.

- Maintain superior comfort levels while providing that extra level of suspension control needed when towing.
