Professional Quality Products

Asfir's variety of products is the perfect solution for accessorizing the off-road vehicle.

Hidden Winch mount

Enables mounting inside original bumper.

Skid Plates

Quality skid plates for off road vehicles have one of the highest design, performance and finish standards in the world. Asfir offers various skid plates protecting the underbody parts of the vehicle such as front, gear, transfer and fuel tank. The skid plates are made of quality aluminum and are screwed to original holes in the vehicle. Service openings in the skid plates enable servicing the vehicle without dismantling the plates.

Side Step Protectors

Protect the lower side of the vehicle and aid recovery with a jack. Designed by Asfir's Research & Development team and manufactured using the most up-to-date technology. The side protectors are made of quality metal combined with aluminum side steps.

Rear Towing Device

A quality towing device mounted to the vehicle's chassis under the original bumper.
